

TEENTECH™

Inspiring Tomorrow's Innovators

**Coming to Basingstoke on 12th June 2012
at The Hampshire Court Hotel**

Your business can make a difference....

TeenTech™ is a lively one-day event that aims to change perceptions of STEM (Science, Technology, Engineering and Maths) careers amongst teenagers and their teachers and act as a catalyst to encourage industry to engage with young people.

For the first time in 2012, this event is coming to Hampshire. Taking place on 12th June in Basingstoke, it will be a chance for your business to engage with your future workforce, showcasing the technology and opportunities available. Be alongside international, national and local organisations like Google, Sony, the BBC, AWE, Shire Pharmaceuticals Group plc and Vitacress as you help change student views.

What do businesses get out of it?

- ◆ Encourage young people to consider STEM subjects
- ◆ Have the opportunity to inspire and inform students
- ◆ Show what it means to work for your company and the skills you need from future employees
- ◆ Give students and teachers first-hand information on career paths in your sector
- ◆ Let your staff act as inspirational role models
- ◆ Change the stereotypical perception of STEM careers being "difficult", "geeky" or "boring".

**To be part of this exciting event complete the
Expression of Interest Form....places are limited!**

**.....Nothing inspires students more than seeing and
experiencing new technology first hand.**

Inspiring Tomorrow's Innovators

How you can support TeenTech™

INSIGHT ZONE

Host a stand that provides a simple, short, hands-on challenge or curiosity that will draw the students in and engage them in conversation about your industry. As an exhibitor in the Insight Zone you will be asked questions about your work, career routes and the qualifications needed.

CHALLENGE ZONE

You need to offer an engaging and informative activity, bringing your own resources that will widen students' and teachers' understanding of a facet of your industry.

TEENTECH™ SPONSOR

If your business needs to recruit the best technical skills in the UK, be pro-active in supporting talent. By sponsoring TeenTech™, you are directly building your future skills resource at the same time as finding a beneficial recipient for your CSR budget.

BASINGSTOKE CONSORTIUM

This TeenTech™ event will be run by Basingstoke Consortium, a registered charity that has worked with schools, colleges and businesses since 1986. We give young people an introduction to the world of work, motivate, inform them, raise self-confidence and develop skills for adult life.
