

Your Name(s)

School/Group Name

Your task is to imagine you were forming a brand new company, supplying renewable energy to homes and/or businesses. We would like you to come up with a brand name, logo, and promotional materials to get across the benefits of renewable energy to help tackle climate change.

Design a logo for your renewable energy company

What is the brand name of your energy company?

Which source of renewable energy will you focus on and why?

Your Name(s)

School/Group Name

How will you convince customers of the benefits of renewable energy?

Use this space to design a flyer/poster to promote your brand
